

**Activity 3: Get an outline of an abaya from apa, and use your creative juices to design an abaya for a wedding or Eid!**

As Muslims we must dress a certain way. We must cover our hair, and wear loose clothing that covers our bodies. However, this does not mean that we cannot dress nicely or wear pretty clothes.

It is reported that our prophet said, **“Allah is beautiful and He loves beauty.”** This means that if Allah has blessed us with the ability to buy clothes then we should appreciate this blessing by making sure are presentable, and when it is appropriate it is perfectly acceptable to wear pretty clothes.
